

Some
UMass/Boston
Opportunities
Fall 1991

This publication offers an overview of undergraduate and graduate courses scheduled on weekdays in fall, 1991, at UMass/Boston's Harbor Campus. All prospective UMass/Boston students should find it of interest, but it focuses particularly on opportunities for non-matriculated students — that is, students who have not been formally admitted into the University.

Non-matriculated students often take UMass/Boston courses because they want to advance in their current careers or prepare for new careers, or simply because they seek the personal growth and enrichment that university study can give them. Many of these students enroll to sample UMass/Boston's offerings before applying for admission to a degree or certificate program.

In this publication is a schedule that lists a selection of courses from most UMass/Boston academic programs and includes courses offered throughout the day and well into the evening hours. Many of these courses are open to non-matriculated students. If you wish to attend UMass/Boston as a non-matriculated student, you should know that you may take only courses in which space is available, that space in courses is limited, that you must meet all course and program prerequisites, that to take any graduate course you must have the permission of the appropriate graduate program director, and that you will be subject to the University's academic regulations.

We invite you to consider studying at UMass/Boston, and we hope that you will find this publication both informative and useful.

Please note: Classes begin Tuesday, September 3.

Important Information

Registering for Undergraduate Courses

When to Register

Wednesday, August 28, 4:00-7:00pm

It is also possible to register during the first eleven days of classes (September 3-17).

To Begin on August 28:

Come to the Clark Athletic Center on the Harbor Campus. Pick up the appropriate form at the entrance to the gym. Consult the undergraduate catalog (available at the gym) for course descriptions and information about prerequisites. Consult the complete course schedule book (available at the gym) for course instructors, locations, schedule numbers.

Representatives of all departments will be at tables in the gymnasium. Go to the appropriate table and talk with the departmental representative. If space is available and you meet course prerequisites, the representative will sign your form to indicate approval.

After you have approval for all courses you wish to take, bring the form (with payment if appropriate) to the Wheatley Hall Registration Center; do this on or after September 3, but no later than September 17. The center is on the first floor of Wheatley Hall; the September 3-17 hours are Monday-Thursday, 9:00am-9:00pm, Friday, 9:00am-5:00pm.

After August 28:

Between September 3 and September 17 — the sooner the better — pick up the appropriate form in the Wheatley Hall Registration Center. The center is on the first floor of Wheatley Hall; the September 3-17 hours are Monday-Thursday, 9:00am-9:00pm, Friday, 9:00am-5:00pm. Consult the undergraduate catalog (available at the center) for course descriptions and information about prerequisites. Consult the complete course schedule book (available at the center) for course instructors, locations, schedule numbers.

Attend the course you are interested in. If space is available and you meet course prerequisites, have the instructor indicate approval on your form.

Return the form (with payment if appropriate) to the Wheatley Hall Registration Center no later than September 17.

Which Form to Use

Use the New Non-Degree* Student Registration Form — if you have never attended UMass/Boston. — if you have attended UMass/Boston *only* through the Division of Continuing Education (for example, by taking an off-campus, Saturday, or summer course).

Note: you must bring payment with this form to the Wheatley Hall Registration Center. Please see "Costs and Payment Procedures" for more information.

*"Non-degree" and "non-matriculated" are equivalent terms.

Use the purple Add/Drop Form — if you have taken a UMass/Boston course or courses not sponsored by the Division of Continuing Education.

Note: If you have previously taken any UMass/Boston course or courses but did not attend UMass/Boston during the spring 1991 semester, you must contact the Registrar's Office (617 287-6200) before beginning the registration procedure.

Registering for Graduate Courses

When to Register

Tuesday, September 3-Wednesday, September 17

How to Proceed

First, call 617 287-6000 to learn when and where you can obtain the graduate program director's permission to take the course(s) you are interested in.

Once you have obtained permission, bring your registration form to the Graduate Admissions and Records Office (second floor, Quinn Administration Building). You may be required to bring payment with your form: please see "Costs and Payment Procedures." Do not take the form to the Wheatley Hall Registration Center.

Optional Fees

Students are invited to contribute through the University to two student-interest advocacy organizations, MassPIRG (\$4.00 per semester) and the State Student Association (\$2.00 per semester).

Health Insurance

All students registered for 9 or more credits are now required by Massachusetts law to be covered by a qualifying health insurance plan. The University offers an appropriate plan for a \$485.00 annual charge. If you are taking 9 or more credits, you must pay this charge unless you are covered by a comparable plan. Detailed information and fee waiver forms are available at registration.

Payment Procedures for Undergraduate Courses

If you are using the New Non-Degree Student Registration Form, you must bring payment, together with the form, to the Wheatley Registration Center during the add/drop period (September 3 through September 17). Please pay by check or money order, made out to UMass/Boston. Credit cards are not accepted.

If you are using the purple add/drop form, you will be billed after the add/drop period.

Payment Procedures for Graduate Courses

If you are a new non-matriculated student, you must bring payment to the Graduate Admissions and Records Office during the add/drop period (September 3 through September 17). Please pay by check or money order, made out to UMass/Boston. Credit cards are not accepted.

If you are not a new non-matriculated student, you will be billed after the add/drop period.

Financial Aid; Veterans’ Benefits

Non-matriculated students enrolled for fewer than 12 credits may apply for aid through the University’s part-time student grant program. For information, call the Office of Student Financial Management at 617 287-6300. Information about veterans’ benefits is available from the Office of Veterans Affairs at 617 287-5875.

Withdrawing from Courses; Refunds

If you want to stop taking any course for which you have registered, you must *officially* withdraw from the course. *Not attending a course does not, in itself, constitute withdrawing from the course.* If you stop attending a course and do not officially withdraw from it, you will be given a grade of “F” and charged full tuition for the course.

To *withdraw from undergraduate courses*, follow these procedures. If you wish to withdraw from one or more courses while remaining enrolled in at least one course, you must obtain the appropriate form at the Wheatley Registration Center, complete it (obtaining any necessary signatures), and return it to the center. If you wish to withdraw from *all* the courses you are taking, you must obtain the appropriate form from the Registrar’s Office, complete it, and return it to the Registrar’s Office.

To *withdraw from graduate courses*, obtain the appropriate form from the Graduate Admissions and Records Office, complete it (obtaining any necessary signatures), and return it to the Graduate Admissions and Records Office.

If you officially withdraw from *all* your courses, you may be eligible for a refund or reduction in charges, according to the following table.

Withdrawal Date	Dwded by Student	Reduction in Charges
During first 2 weeks	20%	80%
During third week	40%	60%
During fourth week	60%	40%
During fifth week	80%	20%
After fifth week	100%	0%

If you wish to reduce your course load without withdrawing from all courses, you should know that no reduction in charges for course load reductions is possible after September 17.

Further information about withdrawal procedures is available from the Wheatley Registration Center (617 287-6230) or the Graduate Admissions and Records Office (617 287-6400).

Academic Regulations

All students should consult the University’s undergraduate catalog or graduate bulletin for information about academic programs and requirements. The following regulations are of critical importance to non-matriculated students.

— Non-matriculated undergraduate students must meet the following minimum retention standards.

Total UMass/Boston credits taken	Minimum required cumulative average
1-11	1.75
12 or more	2.00

If a student’s cumulative average at the end of any semester has fallen below the required level, that student will not be permitted to take UMass/Boston courses in future semesters. The cumulative average will be based on grades for all UMass/Boston courses that the student has taken as a non-matriculated student at any time.

— Foreign students on student visas may not register as non-matriculated students. Immigration regulations prohibit this.

— If a non-matriculated student is admitted to an undergraduate degree program, that student may count as many as 16 credits earned as a non-matriculated student toward the degree, subject to the approval of the appropriate academic dean.

— No more than 6 credits earned as a graduate non-matriculated student may be applied toward a graduate degree.

A Word about Course Numbers

Please note that the number given to each UMass/Boston course is related to its academic level, as follows:

100-199	Freshman level
200-299	Sophomore level
300-399	Junior level
400-499	Senior level
500-599	Postgraduate level
600 or more	Graduate level

Students should avoid registering for courses with higher numbers—even courses without specific prerequisites—unless they are well prepared for advanced academic work.

A Word about Evening Study

To help UMass/Boston students include academic work in their busy lives, the University schedules courses not only during the day, but also well into the evening hours.

Hundreds of “Extended Day” courses are offered at UMass/Boston during the late afternoon and evening. Many matriculated students complete some or all of their study through the Extended Day Program. All of the University’s academic divisions are represented by Extended Day courses. In some degree programs, students can complete all requirements by taking courses that have been scheduled after 5:00 p.m. These programs are:

Undergraduate	
Computer Science	Management
Economics	Political Science
English	Psychology
History	Sociology
Graduate	
American Civilization	Human Services
Bilingual/ESL Studies	Instructional Design
Business Administration	Public Affairs
Chemistry	Applied Sociology
Computer Science	School Psychology
Counselor Training	Special Education

For the convenience of time-conscious students, this publication provides separate listings of daytime and Extended Day courses. Please note that the Extended Day Program is not a separate division of the University. Any UMass/Boston student may take daytime courses, Extended Day courses, or both.

The Math and ESL Diagnostic Tests

Appropriate preparation is especially important for students taking mathematics and computer science courses, and the University wants to be certain that students in these courses have the math skills they need for success. Before registering for introductory courses in either mathematics (through first-semester calculus) or computer science, all UMass/Boston students must demonstrate their skills by taking a diagnostic test. The University uses this test to place students in the courses that will serve them best.

If English is not a student’s first language, and the student has not previously completed an English or ESL course at UMass/Boston, the student must demonstrate writing skills through a writing placement test before registering for any English or ESL course. The test will be offered at the same times and location as the Math diagnostic test.

Non-matriculated students may take the math and/or the ESL diagnostic test on the dates and during the time periods listed here.

Tuesday, August 27	1:00-4:00pm
Wednesday, August 28	10:00am-1:00pm and 3:00-7:00pm
Thursday, August 29	11:00am-2:00pm
Tuesday, September 3	10:00am-1:00pm and 5:00-7:00pm
Wednesday, September 4	10:00am-1:00pm and 5:00-7:00pm
Monday, September 9	1:00-4:00pm
Wednesday, September 11	10:00am-1:00pm and 5:00-7:00pm
Monday, September 16	1:00-4:00pm

All testing sessions take place in McCormack Hall, 3rd floor, room 617. Students should allow at least one hour for each test. There is no charge for either test.

The Off-Campus and Saturday Program

Each semester, UMass/Boston’s Division of Continuing Education offers additional credit courses evenings and Saturdays at convenient locations. Many people introduce themselves to university-level study by enrolling in these courses. In fall, 1991, evening courses will be offered in Braintree, downtown Boston, and West Roxbury, and Saturday courses will be offered at the Harbor Campus. For further information, call 617 287-7900.

Information Sessions for Prospective Undergraduates

If you are interested in applying for spring or fall, 1992, admission to an undergraduate degree program at UMass/Boston, we invite you to attend an information session this winter or spring in our Admissions Office (first floor, Quinn Administration Building). Sessions are scheduled Mondays and Wednesdays at 5:30pm, Thursdays at 9:30am, and Fridays at 2:00pm. Guided tours of the Harbor Campus leave from the Admissions Office Thursdays at 10:30am and Fridays at 3:00pm. Please call 617 287-6000 to confirm dates and times of sessions and tours.

How to Reach the Harbor Campus

On the “T,” take a Red Line train to JFK/UMass Station and the free shuttlebus to the campus. By car, take the Southeast Expressway from the north to exit 15, or from the south to exit 14, and follow the signs to Morrissey Boulevard and the campus. Parking is available on campus for \$3.00 per day (a ten-day pass costs \$25.00).

Public and Community Service

●

UMass/Boston's College of Public and Community Service (CPCS) offers undergraduate programs, involving both courses and practical experience, that are uniquely appropriate for students whose experiences have already given them essential preparation for careers in such fields as community planning, criminal justice and public safety, gerontology, human services, and legal services. CPCS is located at the University's Downtown Center in Park Plaza.
